

CEO's Secret Lover Chapter 46 To 50

Chapter 46 - The mastermind

In the presidential suite at the hotel.

Su Chen Hao sat on the sofa, his expression gloomy and terrifying.

Qiu Ye sat at the side, not daring to even breathe.

"Ring, ring, ring ..." His cell phone rang, cutting through the silence in the room.

Qiu Ye looked at the incoming call, raised his head and looked at Su Chen Hao, "CEO, it's them."

Su Chen Hao immediately took the phone and opened the answer button.

The screen immediately showed tattooed man's face.

"Mr. Su has finally met you in person." When tattooed man saw Su Chen Hao, he revealed a disgusting smile.

"Who instructed you?" Su Chen Hao's eyes turned cold and his voice turned cold.

"You don't need to worry about that. You only need to know that in City X, compared to in Y City, it is not up to you to decide."

"Tell me, how much do you want?" He didn't want to talk to them.

"That depends on how much this Miss Lowe is worth in your eyes, Mr. Su." tattooed man laughed, his expression exceptionally sinister.

"Let me see her. I want to make sure she's safe now." Su Chen Hao said.

"No problem." tattooed man promised as he pointed his phone at the weak Luo Qing Yun lying on the ground, "Hey, you want to see if you're still alive."

Luo Qing Yun forced herself to open her eyes and look at Su Chen Hao's face on her phone. As if she saw hope, she opened her mouth and shouted with a hoarse voice, "Mr. Su, save ... "Save me ..."

Without waiting for her to ask for help, tattooed man pointed her phone at herself and spoke to Su Chen Hao who was on the other side of the phone, "Mr. Su, you saw him too. He is still alive. How about it? When are you going to pay the ransom in person? "

"Address." "No," he said.

"Feels good. I'll send it over right away. I'll remind you not to call the police. Otherwise, you won't be able to see your little beauty." After tattooed man finished speaking, he hung up the phone again.

After putting down the phone, Su Chen Hao got up and prepared to go back to his room to change.

Qiu Ye became anxious, "CEO, do you really plan to pay the ransom personally?"

"Call Sun Yue." Su Chen Hao said.

"What?" Hearing that, Qiu Ye was startled, but he quickly reacted, "You suspect that the matter was done by that old brat Sun Yue?"

"Who else could it be?" After all, using medicine in wine was such a despicable method. What other despicable method was there that he didn't dare to use?

Just that, Sun Yue, oh Sun Yue, he was kind enough to let you go, why do you have to keep charging at him?

After all, the Sun family has been the local tyrant in City X for so many years. Now that you're going to make him pay, he definitely won't be satisfied.

"Besides, in the entire X City, he's probably the only one who would dare to do such a thing." Qiu Ye analyzed, "However, what if that old brat pretends to not agree?"

"I remember that Sun Yue has a daughter, right?" Su Chen Hao said with a cold expression.

Hearing that, Qiu Ye's expression turned cold, and small heart secretly trembled.

It seems that Sun Yue had committed a great sin this time.

"Beep, beep." A text message came over the phone.

Qiu Ye immediately opened it and saw that it was the warehouse address sent by tattooed man.

"CEO, it's not safe for you to go alone. Why don't I get someone else to accompany you with some big boss who has some prestige in the area?" Qiu Ye was really worried about his Boss taking the risk by itself.

"No need, you just need to be responsible for dealing with Sun Yue." With that said, Su Chen Hao turned and entered the room to change his clothes.

In the warehouse.

tattooed man sat on the chair and used a dagger to wipe the blood off his face.

A young horse with dyed yellow hair stood beside him and asked, "Big Brother, do you think this Su Chen Hao will come?"

"If he dares to not come, this little girl will lose her life." tattooed man spat on his dagger and used a towel to wipe it. The dagger's blade emitted waves of cold light.

"I think this girl will die anyway. How about we let our brothers get lucky before she dies?" The yellow-hair licked his lips and looked at Luo Qing Yun who was lying on the ground, her gaze extremely wretched.

"You want to play?" Fine, we'll kill Su Chen Hao first and you'll do it yourself. " The tattooed man said, and handed the dagger over to him.

The yellow-hair panicked a little when he saw this. "Don't, don't, don't! Big Brother, didn't Boss Sun tell you to do it yourself?" How can I rob you of your meritorious service? "

"Coward!" tattooed man rolled his eyes at him.

"Big brother, what do you think is Boss Sun's enmity with that surnamed Su?" You have to kill people. " The yellow-hair moved a chair over and sat beside tattooed man and asked curiously.

"You're asking me?" tattooed man reached out and slapped the back of his head, "How the f * ck would I know?"

"This isn't because you're experienced and knowledgeable, I thought you would know about the inside story." Yellow-hair muttered as he rubbed the back of his head, which was hurting.

"Ask her, she is Su Chen Hao's woman, she must know this." tattooed man angrily pouted his mouth at Luo Qing Yun, who was not far away.

Hearing that, the yellow hair man hurriedly stood up, walked to Luo Qing Yun and kicked her, "Hey, I need to ask you something."

Luo Qing Yun opened his eyes and looked at the yellow-hair's legs. His eyes were filled with fear.

"Do you know what kind of enmity Boss Sun has with that surnamed Su?" yellow-hair asked.

"Boss Sun?" Luo Qing Yun tried her best to search for this name in her mind. Could it be the man who gave her the wine the other day?

It should be so, previously when he went to beg Qiu Ye, he went to the restaurant to look for Su Chen Hao and even gave her a present.

However, with Su Chen Hao's personality, he would probably not forgive his easily.

Thus, he had used such extreme methods to take revenge.

But, what did all this have to do with her? Why involve her?

"Say something, are you mute?" Seeing Luo Qing Yun's thoughtful face, the yellow hair became anxious. She kicked her again and placed her foot on the back of her hand.

"Ah ..." Luo Qing Yun screamed miserably as she was stepped on. A scorching pain spread from the back of her hand to her entire body.

"I... "I don't know." She tried her best to resist the pain as she gritted her teeth.

"You don't know? "Then it looks like you'll have to be a dead man today." The yellow-hair said in a regretful tone.

What kind of maleficent person would die?

Luo Qing Yun's heart inexplicably tightened, raising her timid and big eyes to look at the yellow hair, "What do you mean by that? Are you going to kill me? "

"Otherwise, why do you think we want to capture you?" The yellow-hair looked at her in amusement.

"But, didn't you do it for money? If Mr. Su takes out the money ... "

"Tsk, tsk, tsk, what a Stupid woman, do you think that the person with the surname Su can really walk out of this gate alive?"

After Luo Qing Yun heard this, she seemed to have understood something in an instant.

Chapter 47 - Risking your life

"No, I want the money, and I want my life as well." The yellow-hair finally spoke the truth.

Luo Qing Yun already completely understood what was going on at this time.

It looks like capturing her was only a method used to threaten Su Chen Hao. Their ultimate goal was not money, but to take Su Chen Hao's life.

And she, was destined to become Su Chen Hao's funeral partner.

"What if Su Chen Hao doesn't come?" She asked, if he could not kill Su Chen Hao, then there would be no meaning in killing her. After all, with her relationship with Su Chen Hao, he had no reason to risk his life for her.

"If he doesn't come, you'll be dead because you know too much." As the blonde spoke, he gave her a savage look.

"Big Brother, that Su fellow is here." Just as he finished, a lackey who was guarding the door ran over and reported to tattooed man.

"Looks like you two are going to be a pair of dead lovebirds today." The yellow-hair smirked, then raised his head to look towards the door.

The door opened and a familiar, tall figure walked out of the darkness with steady steps.

It was him, it really was him.

He actually ignored his own safety and took the risk alone.

Why?

Did he really have a special meaning to him?

Su Chen Hao was originally very tall, but today, as Luo Qing Yun laid on the ground and looked up at him, she felt that he was even taller than before.

"Don't come over, don't come over. They want to kill you!" Luo Qing Yun suddenly screamed, wanting him to escape.

Since he was destined to die here, it would be better to let him leave this place alive.

Her voice instantly attracted Su Chen Hao's attention. He had a face full of eyes, and his gaze locked onto Luo Qing Yun who was lying on the ground with his hands and feet tied up and his face turning green.

"Close the door." tattooed man was probably worried that Su Chen Hao would run away, so he immediately commanded his subordinates.

Very soon, the warehouse's door was closed from the inside. Several lackey's stood by the door with handles.

Su Chen Hao's expression did not show any signs of panic, he walked with graceful steps to Luo Qing Yun's side, his gaze swept across her body and confirmed that her body was not harmed, then he slowly raised his eyes and looked at tattooed man.

"How much did Sun Yue give you?" His hands were naturally in the pockets of his pants, and his impeccable handsome face had a gloomy and terrifying expression.

"You know about it?" tattooed man was a little surprised. He did not expect Su Chen Hao to instantly guess who the mastermind was.

"I'll give you two choices. One, take your men and disappear from here. I can pretend this never happened and not pursue it." Su Chen Hao said.

"Hahaha, Mr. Su is really confident. Even at this point, he still has the guts to say such words. The second choice? I'd like to hear it." tattooed man laughed and said.

Su Chen Hao slightly smiled, and said with a light tone: "You killed both of us, and then you, your bunch of lads, and the Sun family, will be buried with us."

Luo Qing Yun did not expect him to say this, and for a moment, an indescribable emotion surged in her heart.

It turned out that he knew that coming here would result in his death.

Then why did he still come?

Isn't he afraid of death?

"Mr. Su wants to scare me? In City X. Someone who can touch me still hasn't been born yet." Although tattooed man said that, his momentum was obviously weaker.

"Is that so? Then you can try." The corners of Su Chen Hao's mouth raised upwards. He no longer looked at him and bent down to pick Luo Qing Yun up from the cold and wet ground.

Seeing that, a few of the lackeys wanted to take action, but the tattooed man did not say a word, they did not dare move, and only stared at Su Chen Hao, looking at each other.

Luo Qing Yun leaned into his embrace, and as she smelled the familiar fragrance of the Giant Dragon Water that was being emitted from his body, the originally tense small heart actually started to loosen up.

The feeling that she had wanted to avoid previously had turned into a tranquilizer that could calm her down.

Leaning into his arms, listening to the powerful beat of his heart, feeling the warmth of his body, she felt that she had returned to the mortal world through the gates of hell.

"What is it? Why aren't you making your move?" Su Chen Hao straightened his body, his cold eyes sweeping past the group of lackeys, and laughed coldly, "Do you still need to make another call, and ask for permission from Sun Yue?"

"Large... Brother, this person looks like he's not someone to be trifled with. Are we going to step on thunder this time?" The yellow haired man had long been intimidated by Su Chen Hao's powerful aura and could not help but be afraid.

tattooed man's heart was already slightly shaken, but after hearing the yellow-hair's words, he became even more flustered. He raised his hand and slapped yellow-hair's face, "F * ck off, what did you do this for? Didn't he know to investigate his information clearly? It's just behind the scenes, what's the use?"

"I've checked, didn't I find nothing?" The yellow-hair looked wronged.

In fact, it really wasn't his fault.

Su Chen Hao kept a low profile, and had very little information about him on the internet. There were only some rumors circulating around that he did not know if they were true or false.

However, how could the yellow-hair find out about these things in such a short period of time?

"Motherf*cker, looks like we've been tricked by that grandson surnamed Sun this time." I say, how could he bear to spend so much money to ask us to kill these two? " tattooed man spat on the ground, and scolded with a look of displeasure, "Call that surnamed Sun, quickly."

tattooed man immediately took out his phone and called Sun Yue.

At this time, in an upscale teahouse in City X, Qiu Ye and Sun Yue were sitting opposite of each other.

"Mr. Sun should understand that since I have come looking for you, whether this is done by your Sun family or not, your Sun family will not be able to escape responsibility. If CEO can return unharmed, then everyone would be happy. If not... Does Mr. Sun know what the consequences are? " Sun Yue played with the teacup in his hand, and his tone carried an obvious threat.

"Qiu Assistant, you don't have to scare me, I already said it, I do not know about this matter, are you accusing me wrongly?" Sun Yue's eyes rolled around, unwilling to admit it.

"Good people?" Qiu Ye laughed, "I wonder if your daughter thinks the same?"

Hearing Qiu Ye mention her daughter, Sun Yue's expression suddenly changed, "What did you do to my daughter?"

"Miss Sun is currently on KTV. There are more than ten men taking care of her. She's fine, so you don't have to worry about her safety." Qiu Ye picked up the teacup in front of him, took a sip, and stuttered, "As expected, it's good tea, Mr. Sun enjoys it so much."

"Qiu Ye, what do you want to do for me? Don't touch my daughter." Sun Yue stood up from his chair excitedly, his entire face trembling with anger.

Chapter 48

Thank him

"Yes, I also understand the principle that a wife and child cannot be harmed. It's just that this is not because Mr. Sun did her first move, so I could only do it for fifteen years. Oh, right, I heard someone say that Mr. Sun has an illegitimate child that's over five years old, right? "Where did you live? Garden International?" Qiu Ye smiled, but every word was like a hook, firmly hooking onto Sun Yue's neck.

Sun Yue now understood that he had truly met an opponent this time.

Never in his dreams did he expect that the gentle and refined looking Su Chen Hao, who was acting like a gentleman, would actually be so ruthless.

At this time, Qiu Ye raised his wrist watch to look at the time, "Aiya, it's not early yet, how are your Mr. Sun's considerations? Let them go, or drag your whole family down with you? "

"I ..." Sun Yue struggled a lot in his heart. His original plan was to capture Luo Qing Yun, then threaten Su Chen Hao, and then have him killed without anyone knowing. If this was the case, the plan to buy Li Feng would definitely be put on hold because of Su Chen Hao's sudden death.

She just did not expect Su Chen Hao to be so smart, and immediately know that it was him who did it. Right now, he really had no way to advance or retreat, he was already dead.

"Mr. Su said that if Mr. Sun can wake up in time and make amends, he can at least guarantee that the Sun family will not be implicated. If Mr. Sun insists on not realizing his mistake, then don't blame him for being impolite. Without him, Su Family will have another successor, but the first thing that the successor will do is to clear out the entire Sun family." Qiu Ye threatened with a calm expression.

After Sun Yue heard this, his face had already turned the color of pig liver, and beads of sweat the size of beans were continuously flowing from his forehead.

"Ring, ring, ring ..." At this moment, his phone, which had been lying quietly on the table all this time, rang.

Sun Yue looked at the caller ID, and his face suddenly changed.

Qiu Ye also saw the change in his expression, hence he deliberately asked, "Mr. Sun isn't going to pick up the phone?"

Sun Yue had no choice but to receive the phone with a trembling hand.

"Hey, it's me. Let me ask you, can this person really move?" tattooed man's voice was on the other end of the phone.

"Don't, don't touch him ..." Sun Yue immediately replied.

"Alright, this is what you said. You still have to pay for it."

"Got it, got it." Sun Yue said as he hung up the phone.

Qiu Ye waited for him to finish answering the phone, and revealed a satisfied smile on his face, "A wise man knows when to stop, Mr. Sun, I'm glad that you have thought it through."

"How will the Mr. Su deal with me?" Sun Yue was only worried about his own ending.

"It's hard to say. Originally, Mr. Su was prepared to pay a reasonable price to buy Li Feng out of consideration for the fact that the Old Man Sun and Old Master Su Family had been friends for so many years. But now that Mr. Sun is having such a hard time and is causing the kidnapping, if I were you, I would definitely bring my family out of the country and hide far away, never stepping into the country ever again. " Qiu Ye gave a very reliable suggestion.

"Abroad? "But my father is in such a situation, moreover, there are so many people in our family, all of the Sun family's roots are in City X." Sun Yue was in a difficult situation. He never would have thought that after scheming for half a day, he would actually embark on a road of no return.

"Nothing is as important as your life, is it not?" Qiu Ye threw down his last piece of advice and got up to leave.

However, Sun Yue sat on the chair dumbly with a pale face, cold sweat dripping down his back.

On the side of the warehouse, tattooed man hung up. He turned to yellow-hair and shook his head.

"Then what should we do now?" If they released him just like that, wouldn't they be wasting their time? What if those surnamed Sun don't pay in the end? Why don't we just tie them up and extort some money? " The yellow-hair suggested.

tattooed man's eyes lit up, and he raised his head to look at Su Chen Hao, "Mr. Su, if we let you two go just like that, wouldn't that lose a lot of face? If this gets out, people will laugh at you. "

"How much do you want? Tell me." Su Chen Hao sneered and asked.

"Not much, just this number." tattooed man said as he extended five fingers.

"Heh ... " Unexpectedly, Su Chen Hao only continued to sneer.

tattooed man shuddered at his smile, and after thinking about it, he changed it to three fingers.

"Aren't you afraid of losing your life for money?" Who was Su Chen Hao, to dare to blackmail his money, he was truly seeking death.

"Then how much did you say? We brothers spent so much effort to get you two over. We can't possibly not be able to earn money for our meals, can we?" tattooed man had completely lost his temper and said with a bitter face.

He had also suffered from eight lifetimes of bad luck, and yet, he actually encountered such a tough nut to crack.

"I can give you a sum of money." Su Chen Hao stared at the tattooed man in front of him with cold eyes, "However, you must tell me who did this to his."

Luo Qing Yun never thought that under this situation, he would still have the time to pay attention to her hands that were swollen from being stepped on. She didn't know why, but her heart felt warm, and the grievances of being kidnapped because of him instantly disappeared without a trace.

"Large... "Eldest brother ... " The yellow-hair heard that Su Chen Hao was prepared to settle his debts and panicked. He secretly nudged tattooed man's arm, hoping that he could save himself.

tattooed man still believed in loyalty, so he said, "It's ... Forget it, we don't need any money.

However, Su Chen Hao did not plan to let them go. He lowered his head, and asked Luo Qing Yun with her magnetic voice: "Tell me, who did this."

Luo Qing Yun opened her mouth, her expression was hesitating, as she looked at the yellow hair.

"Yes, it's me ..." I accidentally stepped on it, okay? " The culprit took the initiative to step forward.

"Accidentally?" Su Chen Hao frowned, his voice full of doubt: "Is that so?"

Luo Qing Yun just wanted to leave this place quickly, so she did not want to cause any more trouble, so she nodded her head, "Forget it, Mr. Su, they didn't do anything to me either. "Don't pursue the matter any further."

"Alright." "Yes," he said, and turned and walked out, holding her.

Luo Qing Yun leaned into his embrace, looking at his cold and handsome profile, her nervous mood relaxed slightly. The corner of her mouth slightly curled up, revealing a faint smile, and she softly said, "Mr. Su, thank you for saving me."

"Good girl, I've scared you." His tone was rare and gentle, his voice low, as if he was afraid of startling her again.

When Luo Qing Yun was carried back to the hotel, she had fallen asleep due to excessive shock and exhaustion of body parts.

When she woke up again, she found out that she was still in Su Chen Hao's big bed, with an Infusion Stick on the back of her hand.

"Miss Lowe, you're awake." At the side, the nurse in white clothes saw that she had woken up and immediately came to help her up.

Chapter 49

I like you

"How long have I been asleep?" Luo Qing Yun looked at nurse blankly.

"Thirteen hours. Mr. Su is outside, I'll go call him. " The nurse turned and walked out of the room.

Luo Qing Yun lowered her head and realized that the clothes on her body had already been changed. She was too lazy to figure out who helped her change her clothes.

"It's time to get up." Su Chen Hao walked in from outside. Seeing that Luo Qing Yun's complexion had recovered quite well, her tensed face relaxed a little.

Seeing him again, Luo Qing Yun's heartbeat suddenly accelerated without any warning, and her small face flushed red. She avoided his eyes, not daring to look at his face.

Nodding lightly, she lowered her eyes and whispered, "Thank you for yesterday."

"Any discomfort anywhere else?" He was more concerned about her health than her thanks.

"No, I feel much better." As Luo Qing Yun replied, a rumbling sound suddenly came from her stomach.

Having not eaten for two days, she was already starving.

At this moment, Su Chen Hao heard the protest in his stomach, and her face immediately flushed red. He almost buried his head in his chest.

"Come out to eat, I ordered something for you to eat." Su Chen Hao saw her awkward expression, and the corners of his mouth unconsciously raised, as he turned and headed towards the living room.

Luo Qing Yun let out a long breath, patted her face with her hands, and cursed herself for being disappointing. Why couldn't she just endure it a little, since it made her stomach growl in front of him?

How embarrassing!

After eating, Luo Qing Yun returned to his room, changed her work clothes, and returned to the living room. As she was preparing to continue with her work as a butler, she heard Qiu Ye reporting about something.

She subconsciously wanted to avoid him, but she could faintly hear that Qiu Ye's report about the situation was related to her, hence she could not help but stand to the side and listen.

"Are you sure it's her?" Su Chen Hao's expression was cold, and a trace of ruthlessness could be seen in her eyes.

"We've already found out. The person who exposed the Housekeeper Luo's identity on the internet was that Butler Lu." Qiu Ye said with a confident tone.

"There's a grudge between them?" Su Chen Hao asked.

Qiu Ye shook his head, looking somewhat hesitant, "As far as I know, there were no personal grudges before you came."

"What do you mean?" Su Chen Hao frowned.

"This... "Probably because the job of being your housekeeper was originally that of Butler Lu, but you chose Housekeeper Luo, so her heart is unbalanced, and that's why ..." Qiu Ye carefully explained with his words.

"Heh ..." Su Chen Hao sneered, turned his head and looked towards Luo Qing Yun who was standing in the corner, quietly eavesdropping, and ordered, "Come here!"

When Luo Qing Yun saw that he had been discovered, she was shocked. She followed him and walked up to him with her head lowered, not daring to look at his face.

"You heard it?" Su Chen Hao asked.

Luo Qing Yun nodded her head lightly. She had indeed heard it, but she had never imagined that Lu Rong would actually hate her to such an extent.

In order to defeat her, he didn't hesitate to expose her personal information online.

That's why that disciplinary investigation team got to her so quickly.

"What do you think we should do?" Su Chen Hao asked as he looked at her slightly pale white face.

Luo Qing Yun raised her head and looked at him, at a loss of what to do.

What should he do?

She did not know and had never thought of this question.

"Want revenge?"

"I... "I don't know ..." The truth had come too suddenly for her to digest.

"Useless!" Su Chen Hao's tone was a little disappointed. He turned around and looked at Qiu Ye. "Do you know how to handle this?"

"Understood." Qiu Ye nodded with great tacit understanding.

After Luo Qing Yun heard this, she looked at the two people in front of him in a daze, "You two ... What are you going to do? "

"What is it? You're not planning to plead for her, are you? " Seeing her tone, Qiu Ye could not help but ask.

"I ..." Luo Qing Yun opened her mouth, and could not bear to do so, "After all, isn't everything alright for me now?"

"No way!" Su Chen Hao decisively rejected her kind suggestion.

"Miss Lowe, you need to understand that the reason why you're here today is not because Lu Rong didn't harm you enough, but because CEO pushed away everything in the Y City and rushed over to save you ..." Qiu Ye's tone was slightly unhappy.

"Qiu Ye!" Su Chen Hao stopped him and did not let him continue.

Even in his dreams, Luo Qing Yun would never have thought that the only reason he could escape from the investigation team was because of Su Chen Hao.

Thinking about how he didn't even care about his own safety in order to save her, he suddenly felt a very strong feeling of safety in his heart. It was a sense of security that someone was protecting him.

This feeling had never existed since she had become sensible.

Because she had to take care of her sick brother, most of the time she was the protector.

But now, this man who had nothing to do with her actually helped her so many times. This made her feel very warm and at ease.

"Thank you ..." She didn't know what else she could say to express her gratitude to him.

"That's it?" Su Chen Hao raised his eyebrows and intentionally asked.

"Ugh ..." Luo Qing Yun's expression was a little embarrassed, what else could she do?

"CEO means that should I give something substantial as a thanks?" Qiu Ye teased from the side.

"Something substantial? But I don't have anything." Luo Qing Yun spread out her arms. It wasn't that she was stingy and didn't want to give it to him, it was just that she currently had nothing at all.

"Isn't that what happens on TV when people make promises with their bodies?" Qiu Ye mocked.

"..." Luo Qing Yun was speechless and bashful. Her face instantly flushed red all the way down to her neck as she lowered her head, unable to say a single word.

"Hahaha, Housekeeper Luo is shy." Seeing her red face, Qiu Ye couldn't help but burst out laughing.

However, when he finished laughing, he turned to look at Su Chen Hao, only to realize that his boss was staring at him with a stern face at some unknown

time.

He quickly retracted the smile on his face and returned to his serious expression.

"I'll go check the tender again." He threw down those words and immediately fled.

After Qiu Ye left, Su Chen Hao's gaze returned to Luo Qing Yun, and glanced at the sofa beside her. "Sit."

Luo Qing Yun hesitated for a moment before slowly sitting down.

"Just now, Qiu Ye's words..." He opened his mouth and spoke.

"I understand, Qiu Assistant likes to joke. I won't take it to heart." Without waiting for him to finish speaking, Luo Qing Yun hastily interrupted him in an attempt to conceal her awkwardness.

"You can take it to heart." However, the meaning he was trying to convey was clearly different from her understanding.

"Eh?" Luo Qing Yun was startled.

"I like you." As he spoke, his deep eyes shone with a bright and sincere light. It was as if the resplendent starlight in the sky was sprinkling onto her face.

Chapter 50 - Meeting Old Friends

Luo Qing Yun heard her heart thumping.

This is... His confession?

Like her?

Is that true?

"Tomorrow, after the bidding ends, I will leave City X. You can consider coming with me or staying with me." He did not force her to respond. Instead, he gave her two choices.

"Is... "Why?" She still couldn't believe that this man, who was so high and mighty, would actually fall for her. How was this possible?

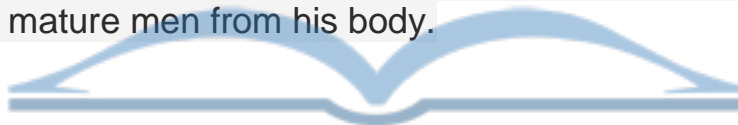

Would Cinderella's fairy tales fall on her?

"You want me to praise you?" There was a faint smile in his eyes.

Luo Qing Yun's face became even redder as a result. She didn't mean that, but purely wanted to know what had attracted him.

"Come here, I'll tell you." He waved at her, his voice soft.

Luo Qing Yun obediently got up and walked in front of him. Before she could even stand steadily, he stretched out his long arm and wrapped it around her waist. With just a slight force, she fell into his embrace, breathing in the unique scent of mature men from his body.

thin lip gently moved closer to her ear. While she was breathing, a warm aura hit on her crystal earlobe, making her body involuntarily feel hot from the itchy numbness. Her head was buried deeply in his chest.

Opening his mouth, he whispered something into her ear. At first, her expression was stunned, but soon after, her small face flushed red, revealing a bashful expression.

This kind of person made him completely unable to resist.

She didn't know that from the moment she fell into his embrace, she would never be able to escape.

Y City.

The moment he landed, Luo Qing Yun found a familiar feeling that he hadn't felt in a long time.

Taking a deep breath, she lamented in her heart. In the end, she still returned to this place!

There were two Mercedes-Benz cars parked on the tarmac.

One was a car and the other was a business car.

Beside the door stood the driver and the Royal Group.

After Su Chen Hao got off the plane, he directly walked towards the direction of the business car.

However, Luo Qing Yun arranged for Luo Qing Yun to get in the car.

CEO has just returned to Y City, and has a lot of important matters to take care of. There's still a celebration banquet to be held tonight, so you don't have to wait for him. Qiu Ye explained.

Luo Qing Yun's eyes looked at Su Chen Hao who was being escorted into the carriage by the crowd. He was a little disappointed, but he still smiled and nodded, "Okay, don't worry, I will take care of myself."

"Yes, call me if you need anything." Qiu Ye said, he then turned to the driver and exhorted him, before turning towards the MPV.

Luo Qing Yun stared outside the window dumbfoundedly. Suddenly, she felt that she was somewhat funny.

Since when did she begin to look forward to interacting with him?

The car drove out of the airport and into the city. Luo Qing Yun did not let the driver directly return to Su Chen Hao's villa.

She still clearly remembered that the food in the fridge was out of date in that luxurious house.

After getting the driver to drive the car to the supermarket, she started off with a big shopping spree with the driver at her side as a porter.

As she was paying, she suddenly heard someone call her name behind her. Surprised, she turned around and saw a passionate face.

"Qingyun? It's really you? "Oh god, I didn't expect to meet you here." He Mei Xin forcefully squeezed himself to her side from the end of the line and grabbed her hand as he said excitedly.

When Luo Qing Yun saw her former university roommate, she was also very excited. "Mei Xin, what a coincidence."

"I remember when you graduated and went to work in City X, did you come back to visit your family?" As He Mei Xin said this, her eyes looked towards the young driver who was standing in front of Luo Qing Yun with a big bag in her hands.

"No, the work over there has already left." Luo Qing Yun said.

"After not seeing you for a few years, you are becoming more and more beautiful." He Mei Xin said, then pointed to the driver: "This is your boyfriend?"

Luo Qing Yun shook her head, "No, stop gossiping."

"If he isn't a boyfriend, then he's a suitor. "That's fine, Qingyun. After leaving school, the market is still as good as ever. It really is enviable." He Mei Xin said with a face full of ridicule.

"Aiya, don't talk nonsense, he's the driver." Luo Qing Yun was a little speechless. In order to prevent this close friend of his from making wild guesses, he had to reveal his identity as the driver.

Who knew that after she said those words, He Mei Xin became even more agitated, "Wah, Qingyun, you're so awesome, you even have a driver?"

"No ..." "It's not my driver, it's my friend's ..." Luo Qing Yun anxiously explained. Seeing that the cashier had already recorded the prices of the items, took out the bank card, paid the bill, then turned to He Mei Xin and said, "I'll wait for you outside.

"Alright." He Mei Xin agreed and then went back to her previous position.

Luo Qing Yun passed the things she bought to the driver, and said, "Mr. Driver, I'll have to trouble you to help me deliver these things to the villa. I met an old classmate of mine, I won't be going back for now."

"This... Qiu Assistant ordered me to take you safely home. " The driver felt awkward.

"It's alright, I will tell him about it at Qiu Assistant, don't worry. I'll find a place to talk to her and we'll be back soon. " Luo Qing Yun said.

"Then do you want me to send you there?" the driver asked.

"Thank you, no, we should be sitting in a nearby café." Luo Qing Yun rejected his good intentions and watched him leave.

When He Mei Xin returned after buying the orders, the two of them went to the Starbucks on the second floor.

"How is it? How have you been these two years? " After the two of them finished ordering their coffee, Luo Qing Yun asked.

"It's quite good. The job is going well and the relationship is completely blank." He Mei Xin laughed as she replied, and then asked, "What about you? Is your brother completely recovered? "

"Alright, I'm studying abroad now." Luo Qing Yun replied.

"Wow, that's great. At that time, you were worried about his illness. Oh right, did you come back to participate in your sister's Engagement ceremony? " He Mei Xin suddenly thought of something and asked.

"What do you mean?" She didn't have any sisters in her memories.

"Eh? Don't you know? Forget it, forget it, pretend I didn't say anything. " He Mei Xin realized that she had leaked the information, and immediately waved her hand.

But he had already said half of the sentence, how could Luo Qing Yun pretend not to hear it?

"Mei Xin, what exactly do you mean by that? Can you explain yourself? " She grabbed He Mei Xin's hand and asked.

Seeing that, He Mei Xin could only sigh and reveal the truth, "Then ... It's that Jiang Zhi Xin, your mother's stepdaughter. She wants to marry Zhou Yi. "

Hearing the name Zhou Yi, Luo Qing Yun felt like a different world.

The smiling expression froze on his face, but his thoughts were pulled back to the lush days of school by the vortex of memories.
